**Experience**

2022-present

**iOS Developer**

Freelance

Almaty, KZ

mar.2023-present

Working as a freelance iOS developer, I completed several tasks to showcase my skills. I developed a water tracking app with push notifications, built a social networking app, contributed to an e-commerce platform, and worked on educational, gaming, and productivity apps. Each project challenged me and helped me grow as a developer. I'm proud of the progress I've made and excited to continue expanding my career in iOS development.
